HEALTH GUARANTEE:

Snowstorm Bullies has a very strict breeding requirement. Thus, our strict breeding program does not only cater to puppy intelligence and size, but to their quality, soundness, and their health as well. Snowstorm Bullies will guarantee that the puppy at the time of delivery will be current on all vaccinations and free from any and all genetic health defects. Snowstorm Bullies will certify that the puppy's diet, shots, worming, bathing, and any other treatments will be consistent before and throughout the whelping process. It is strongly recommended that the buyer have the puppy health checked by a state license veterinarian within 72 hours of the said puppy being in the buyer's custody. If any deficiencies are found in the said puppy, and veterinarian documentation proves that the puppy's illness was caused while in the care of Snowstorm Bullies at the time of contraction, then at the buyer's expense, the buyer shall receive a second opinion. If the diagnosis of the second opinion has verified an illness of the said puppy while in the care of Snowstorm Bullies, then Snowstorm Bullies will exercise their discretion to either cover the veterinarian cost to bring the puppy back to optimum health or the full purchase price of the said puppy will be refunded.

It shall be understood that this contract does not cover viral illnesses, parasites, infections, improper bites, giardia, coccidiosis, or kennel cough. It also does not cover illnesses due to the ingestion of foreign objects, food, chemicals, stress related issues, behavioral issues, physical injuries and/or illnesses which may have occurred and/or contracted after the puppy has been delivered. Snowstorm Bullies promises to make the buyer aware of any and all known health issues before the purchase of said puppy. Snowstorm Bullies is not liable for any accident or injury of the puppy once it leaves Snowstorm Bullies' care. Furthermore, after the puppy leaves our care, Snowstorm Bullies will not have control over how the puppy is handled, where the puppy is taken, or what the puppy is exposed to.
